

I do not want to be called by Telemarketers!! If I sign a "Do Not Call List" I expect that to be honored and do not want ANY calls to my home or cell phone. I'm proud of NJ's stringent "Do Not Call List"!!! Please, do not over ride NJ's right to set these standards! If telemarketers are complanning because they now have no sales in NJ--that speaks volumes to the number of New Jerseyans that don't want their home/private life invaded by calls. As citizens this should be respected. The privacy of my home should not be intruded upon by unwanted soliciting!!!!
